EDUCATION

Gaindakot Namuna Secondary School / Gaindakot-4 / July, 2019 - August, 2020

Completed higher secondary education (+2) in science at Gaindakot Namuna Secondary School.

Bachelor in Computer Application

Lumbini ICT Campus / Gaindakot-4, Nawalpur / April, 2021 - Present

Actively pursuing a Bachelor of Computer Application degree with a specialized focus on web development. Engaging in a comprehensive curriculum covering programming, database, software development, and IT fundamentals to acquire a robust understanding of computer applications and technology. Committed to continuous learning and application of skills in real-world scenarios.

PROJECTS

Second-Hand E-Commerce site

Actively contributing to the creation of a second-hand e-commerce platform for my BCA 4th-semester project. The platform facilitates buying and selling seamlessly through a shared login ID. Users can list their second-hand items for sale and explore a diverse range of pre-used goods for purchase. Ensuring a cohesive and user-friendly experience, this project is accessible on Github providing transparency into its development and documentation.
